

Autumn 2 - Year 2

Communication, Language & Literacy

Literacy

The children will focus on the story The Owl who is Afraid of the Dark. Here, the class will learn to write non chronological reports with the help of non-fiction texts, fact finding and through an Owl visitor.

Problem Solving & Reasoning

Maths

Our Singapore Maths units this half term will cover Addition and Subtraction, Volume. We'll also recap Year 1 concepts and strategies too.

Creative Development

PE

This half term our PE topics are Invasion Games and Gymnastics- Beth Twiddle.

Music

We will learn to focus on singing and following a festive melody, with identifying the pulse/beat of different songs. The children will complement the Christmas song with their voices and instruments.

Personal, Social & Emotional Development

PSHE

The class will focus upon Celebrating Differences. This unit will explore stereotypes and genders, will look at making friends and how to remain friends, as well as celebrating our own and others' achievements.

RE

This half term we will learn about why Christians say that Jesus is the light of the world and what that means,

Knowledge & Understanding of the World

Science

The children will explore Animals, Including Humans. The class will learn about habitats and microhabitats.

History

The children will focus upon King James the 1st, Guy Fawkes and the Gunpowder plot. The class will learn about the historical events that lead to this moment in history and will also be able to suggest why we celebrate Bonfire Night.

Geography

This half term, the children will focus on the weather. We will look at season changes, weather patterns and also learn about where the leaves go in Winter.

Computing

This half term, we will use search engines safely to help find and upload relevant information, create digital art using text, create word processed documents, and look closely at what technology is used around us.

DT

We will be focusing on nutrition this half term. The children will be designing a healthy wrap.

Art

We will be completing a Cutting, shaping, joining materials to create abstract 2D & 3D form unit inspired by the work of Joseph Albers.
